COMPANY PROFILE

Established in 1991, we have grown from a Sole Proprietorship Firm to a listed Company in the name of Ultra Wiring Connectivity System Ltd. with an eye towards serving the automotive industry in various segments.

We have been in the business of manufacturing of Couplers, Connectors and allied products for OEMs and Tier 1 manufacturers from past 3 decades, and are glad to announce that our company has now also entered into the diversified fields of automotive section such as manufacturing of Blade Fuse and Wiper-Blades that will help us in enhancing our business manifolds.

Our Company has 3 Manufacturing Plants - Unit 1 & Unit 2 are situated near Delhi in the HSIDC Industrial Area, Faridabad and Unit 3 in 'Industrial Model Town' Faridabad.

Our Company also owns warehouses in Pune to cater the Western markets in India.

Presently, the Manufacturing Plants are equipped with 35 Fully Automatic - PLC Controlled and All-Electric Injection Moulding Machines that are imported from Japan and Taiwan, supported by a well-equipped in-house Tool-Room, where precision moulds and dies are manufactured as per Japanese Standard JASO -D 616-2011 & ISO - 8092.

The plant has a total capacity of 150-175 lacs couplers per month on a 24 hours 3 shift basis presently, producing 120-135 lacs couplers per month.
